DATE: March 2, 2010

SUBJECT: Nominations Invited for Rosalynn Carter Leadership in Caregiving Award

A program of the [Rosalynn Carter Institute for Caregiving](#), the Rosalynn Carter Leadership in Caregiving Award recognizes leadership in implementing innovative partnerships between community agencies and caregiving researchers who bridge the gap between science and practice.

The award-winning team will be announced at the RCI's National Summit to be held October 20-22, 2010, at Georgia Southwestern State University in Americus, Georgia. Former First Lady Rosalynn Carter will present the winning team with a statuette and a cash award of \$20,000 to support the team's efforts in implementing effective caregiver interventions at the community level.

Winning partnerships should be able to clearly demonstrate dedication to developing effective evidence-based caregiver interventions that improve the health and well-being of caregivers; collaboration and partnerships between all stakeholders in the caregiving process; the potential for developing or more effectively using financial, educational, and human resources to support caregivers; effective reach into the target population; and the potential to serve as a model for other individuals, groups, organizations, or communities in efforts to better support caregivers.
